DRYHOUSE IS DAMAGED BY FIRE; HAY BARN BURNED

LIGHTNING IS CAUSE OF FIRES IN THE CALUMET DISTRICT SUNDAY.

The south end of the dryhouse serving the No. 7 and 8 shafts of the C. & H. Mining company was quite extensively damaged by fire late yesterday afternoon. The origin of the blaze has not been ascertained although it is possible the building was struck by lightning, leaving a spark that did not burst into flame until some time later. The fire was confined almost entirely to the interior of the building and the south end, that used by the employees of the No. 8 shaft, was quite badly burned. There had been a watchman at the building up to about 4 o'clock in the afternoon, a short time before the fire broke out. He reports there was no sign of a fire when he left. The Hecla and South Hecla departments combated the blaze successfully.

In the severe electrical storm of last evening, the hay barn owned by Solomon Parski and located just beyond the Mayflower mine property, due east of South Kearsarge, was struck by lightning and burned. The building, which was comparatively new, was a large structure, and the complete loss will be a severe one for the owner to bear. There were about twelve tons of baled hay in the building and this also was destroyed. The day was insured with the Farmers Mutual Insurance company of Calumet.

The Farmers Mutual company was also notified today that the hay barn of John Jantila, a farmer residing near the Atlantic mine, was struck by lightning and destroyed, together with a big supply of hay.

The electric storm last evening was a very severe one, but so far as can be ascertained no buildings in either village or in the mine location were struck.

MOTORCYCLE CLUB RUN.

The club run of the Ingot Motorcycle Club from Calumet to Painesdale yesterday proved very interesting. About thirty-five motorcycles joined in the procession which left the Red Jacket town hall at 9:30 and the trip was marked by an outwading incident. The club will hold a special meeting in the Currier hall tomorrow evening.

ARLINGTON HOTEL OPENS; BUSINESS MEN'S BANQUET

CALUMET MERCHANTS ARE READY TO SUPPORT THIS AND OTHER HOTELS.

With the reopening of the Arlington hotel, after a lapse of several years, this morning, Calumet business men saw the realization of an end towards which they have been striving for months. Mine host William P. Deegan smiled a welcome to those who crossed his threshold this morning and the thoroughness with which the establishment was prepared for the opening, impressed everyone. The opening of the Arlington gives Calumet one more first class hotel, and with the Michigan, a first class hotel with accommodations for fewer guests, and the Central Hotel, whose standard under the management of S. F. Loch and Son needs no introduction here, this city is again in a position to extend proper hospitality to all of its guests.

Charles E. Himmelin of Saginaw, a traveling salesman well known in this territory, had the honor of being the first to register his name at the Arlington this morning. Others who followed him, gave ample indication that the hotel is to prove its popularity here. The Calumet and Laurium Business Men's association, to manifest its friendly spirit and willingness to support this institution, will hold its first annual banquet at the hotel tomorrow evening. The event will be of a very informal nature and doubtless will prove very interesting.

ARRIVE SAFE AT HALIFAX.

Word was received here yesterday of the safe arrival at Halifax, Nova Scotia, Saturday, of Mr. and Mrs. James I. Dolan, who are returning from a honeymoon spent in Ireland. Mr. and Mrs. Dolan sailed from Queenstown, before war was formally declared by Great Britain, and although their destination was New York, the danger of capture by hostile cruisers made it necessary for the boat to change its course and proceed to Halifax. They are expected home this week.

WAR SPIRIT IS SPREADING HERE

One Hundred Reservists Apply for Transportation

More than a hundred citizens of Calumet, who still owe allegiance to the governments of Austria, Germany, France, England, Russia and the other countries embroiled in the European war, are prepared to return to their respective countries. Although in the early stages, the war failed to impress or interest people of the copper country to any marked extent, the reverse now is the case and during the last three days, scores of applications have been placed with the various steamship agencies for transportation to the countries above mentioned, applications of reservists in the classes which have already been called upon.

The desire to return to European battlefields seems to have come too late, for in each case the applicants were informed the steamship companies are not booking passengers for Europe, especially continental Europe. If local reservists, who have felt the call to patriotic duty for the fatherland, really desire to reach Europe, they will have to make arrangements for transportation through their respective consular agents. This probably will be done at once.

Of those who desire to return, Austrians and Croats seem to be in the great majority, and it has been suggested that a company be organized among the Austrian subjects in the copper country to volunteer for service. There is some doubt as to whether such a body would be permitted to leave the United States, however. It is most probable local volunteers will have to engage passage as individuals and likely will have to pay their own transportation with the prospect of having it refunded by their respective governments when they apply for service.

CONVENTION OF HERMANN SONS TO OPEN TOMORROW

PRESIDENT CHRIS HAMMILL OF SAGINAW AND DELEGATES ARRIVE.

President Chris Hammill of the Sons of Herman of Michigan, arrived here this morning from his home in Saginaw, to attend the big state convention of the order which will be formally opened in Calumet tomorrow. Delegates from Saginaw in the lower peninsula, Norway, Escanaba, Menominee and other upper peninsula towns arrived today, and late this afternoon and evening delegates from other parts of the state will reach this city.

The reception of delegates today was largely informal. State Treasurer William Waas and Frank Distel, Sr., local president, being assisted by committees of the local lodge.

The big picnic which was scheduled for Wednesday afternoon at the Section 16 park as the concluding feature of the convention, has been postponed and in its stead the visiting delegates will be taken on a sight-seeing tour of Calumet and vicinity as well as a pleasure jaunt into Keweenaw.

President Hammill today expressed the hope the convention will be one of the most profitable in the history of the state organization.

TOURNEY WILL BE HUMMER.

Chief Tim Maney of Marquette Spends Day in Calumet.

Chief Tim Maney of the Marquette fire department was in Calumet this morning on business, and brought local firemen assurances that the big tournament to be held this week at Ishpeming, will be fully up to standard and an event they cannot afford to miss. Mr. Maney has been identified with the upper peninsula association almost since it came into existence and his familiarity with events of this kind, makes him almost an authority.

The firemen of Calumet and Laurium are now ready for their departure for the tournament city Wednesday morning. They will leave Calumet on the special tournament train over the South Shore, leaving at 7:45 a. m. and will arrive in Ishpeming about noon of that day.

The Red Jacket department will send nineteen men to the tournament, and will be represented in the business meeting by John Sullivan and John Hermann, with N. Bianchi and James B. Hurill as alternates.

During the absence of the department, a temporary organization headed by Dominick Kaiser will be in charge of the village fire fighting equipment. Leonard Willman, assistant chief will arrive home Thursday and will supersede Mr. Kaiser in command of the temporary fire fighting forces.

For the Firemen's Tournament at Ishpeming, August 12, 13 and 14, the Duluth, South Shore & Atlantic railroad will run special train the morning of August 12, leaving Calumet at 7:40 a. m., connecting at Houghton county bridge with regular train from Lake Linden. Usual round trip tournament fares will be sold at all stations. For fares, time limits, etc., call any Mineral Range ticket office.—Advertisement—10.
